

ST. STEPHEN'S ACADEMY

CLASSICAL CHRISTIAN SCHOOL

HERE'S WHAT WE STUDY IN KINDERGARTEN

MATH

Singapore: matching and sorting, working with and writing numbers, order, shapes, size, weight, length, comparisons, addition, subtraction, time, and money.

LANGUAGE

Phonics-based language program, covering compound words, vowels and consonants, rhyming words, etc. with a strong focus on *Logic of English* phonograms, which are the keys to unlocking words. Spelling tests will begin second quarter with five words a week, increasing to ten a week. Reading groups begin in second quarter as well.

PENMANSHIP

Logic of English: cursive, beginning with lowercase, then uppercase

BIBLE

Old and New Testament using *Mighty Acts of God*, *The Children's Bible in 365 Stories*, Bible dramas

MEMORY WORK

Poems, *My First Catechism*, The Lord's Prayer, Fruit of the Spirit, Books of the Bible, 12 disciples, fact sound-offs

SCIENCE

Apples, trees, seeds, body systems, health, five senses, sinking and floating, sliding and rolling magnets, insects, cycles such as weather seasons, day/night, water cycle

HISTORY

Family history, Columbus, Reformation, Separatists, Mayflower, Pilgrims, Lewis and Clark, Oregon Trail

GEOGRAPHY

Globe, maps, direction, landforms, bodies of water

CHARACTER

Monthly character traits such as honor, integrity, kindness. These traits are discussed concurrently throughout the whole grammar level.

"I love the pride that SSA has instilled in our child in her ability to learn and complete her work. She is so excited to go to school each day and has such joy and excitement when sharing about her day." – Karen N.
